Danilo Fonseca

Frontend Developer | PHP Developer | Wordpress Developer | Junior
React Developer
São Paulo, São Paulo, Brazil

Summary

My name is Danilo, I'm 28 years old and 12 years experience as
developer with expertise to create system, websites and portals with
plugins, and complex interfaces and functionalities.

I have a background in PHP and Node, as well as other technologies
such as Javascript/jQuery, CSS3/SASS, SQL/MySQL/MongoDB,
Git, GULP, among others. On PHP my experiences are mainly with
Wordpress, Laravel and CodeIgniter, and on Node with React. I have
also managed the infrastructure and projects of many clients.

I am communicative, creative, good humorous, team player
and very responsible. The most valuable thing to me is to share
knowledge and experiences. I also believe that keeping updated in
all technologies is very important.

I have developed and maintained numberless websites and systems
for various business sectors, from agencies, industries, studios and
software factories, also, I have some international experiences,
working with teams all around the world.
